We look back and remember the happy times, feeling the rewards of hard work and dedication. At other times we feel all alone, isolated in the midst of a crowd. Our existence is one of constant new beginnings and continuous endings that fill our lives and our memories. This is our year, molded by the vast and diverse character of who we are and will become.

As we go through the ceremony of final farewells, there are still a few things that must be done; but, more importantly, there are things that must be said; little things like: "Thank you," "Please," "I'm sorry," and big things like: "I'll always remember you," "We'll keep in touch," and "I love you." As "Pomp and Circumstance" fades away and caps and gowns are placed beside our other priceless memories, we'll keep these promises because each of us has something special to remember, to cherish, to forgive and to forget. And so, Jefferson's graduating class of Nineteen Hundred and Seventy Nine would like to leave on this; a note of happiness for new beginnings and of sadness for cherished endings. Most of all, we would like to leave with the knowledge that for us, the future will present an even greater challenge.

Senior Class Officers: President Gordon Richard, Sgt. at Arms Jim Martin, Secretary-Treasurer Dorothy Blackburn, Vice-President Kevin Rahrig, Historian Randy Carder.

This year the Junior Class had many new responsibilities to carry out. Their biggest goal was earning money for the prom. Some of the activities they performed were raking leaves, washing cars, working in the concession stand and cake raffles. Even though they worked hard to achieve this goal, they still found time to enjoy themselves.

The Class of '82 experienced many different changes this past year. The new surroundings of the high school made the young newcomers feel insecure and doubtful about what they were doing. But as the year went on, they soon captured the regular habits of the upperclassmen.

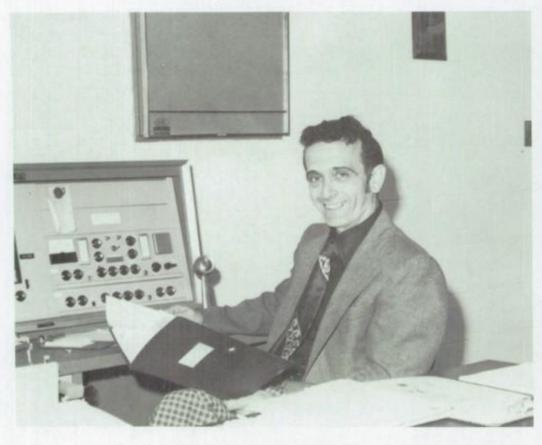

One of the main things that everyone learns first is to crowd in the cafeteria line, so you could be the first one to eat. Another major, and often used device by some freshmen, was to get a hall pass from your teacher, if possible, and go to the restroom. Others just wandered the halls, stacked lockers, and sneaked into the library.

Mr. Ervin had a rough time reforming these delinquents. But as usual, he had it mastered by the end of the year. Most teachers agreed that this class was no more abnormal than any other previous class. As a whole, the freshmen class was A.O.K.!

DENIS LUMBREZER, Asst. Marching Band Director, Instrumental Music 5-8. Enjoys: people, places, things. "I enjoy kids particularly when they are able to do things they never thought possible. Nothing is greater than seeing the lightbulb finally come on in a student's mind. Nothing is more discouraging than seeing a student with a 150 watt socket only filling it with a 75 watt bulb."

JEAN ANN GILLES, English I, IV, Adv. Re-Echo. Enjoys: skiing, macrame, reading, club work. "My decision to become a teacher was based on two facts. I wanted into a profession that would enable me time to spend with my family. Secondly, I enjoy working with young adults. Teaching is one of the few careers that meets both of these requirements." JAN WRIGHT, Home Economics 9-12. Enjoys: golf, jogging, and sewing.

ROBERT KIRACOFE, English I, III, Bus. Eng., Student Gov't Adv., Asst. Football Coach. Enjoys: sports of all kinds, reading, his family. "My main motivation for becoming a teacher, corny as it may sound, is the satisfaction of working with young people. I enjoy seeing a student better himself or herself and if I can be some part of that betterment, I have achieved my goal in teaching."

ROBERT E. WOLFRUM, Algebra I, II, Geometry, Senior Math. Enjoys: golf, baseball, gardening. "I was originally motivated to enter the teaching profession because of my interest in coaching. However, the activities in the mathematics classrooms have pushed coaching into a secondary position. It is far more enjoyable teaching math than it is on the athletic field."

JERRY ROUSH, Ind. Arts II, III, IV, Welding I. Enjoys: woodworking, repairing and refinishing old furniture, restoring antique cars. "I get a great satisfaction in seeing students progress through their hands on work in our department. They are developing new skills which will benefit them throughout life. Many of these students are finding they can be successful and will work hard through the completion of a project."

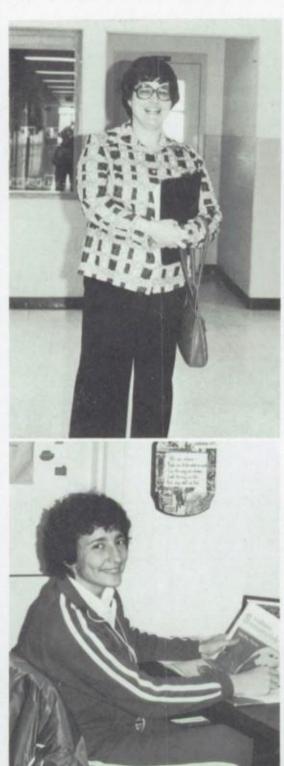

JAMES E. SHISLER, High School Vocal, Jr. High Vocal, Swing Choir, Jr. High Gen. Music. Enjoys: music, athletics, water-skiing, and is a private pilot. "I enjoy people and I get a tremendous sense of satisfaction watching them set lofty goals and through dedication, hard work, and guidance attain those same goals."

JEANNE CLARK, Art I, II, III, IV. "During my education at Saint Mary's College, I experienced much satisfaction and pleasure in the study of art. I resolved at some time in the future to share that knowledge and experience with my students."

DOROTHY TATE, Eng. I, College Prep English, Spanish I, II, Adv. Spanish Club. Enjoys: reading, writing, camping/hiking, traveling. "I liked working with young people. I still do."

MARGIE STUTZ, Phys. Ed. 7-12, Driver Ed., Soph. Health, JV and Varsity Girls Basketball Coach, Girls Track Coach, Junior Adv. Enjoys: various sports, camping, traveling. "As a teenager, I saw many things I thought teachers should do to try to help students. I went into teaching to try to carry some of these ideas through and live up to my own ideas of what a teacher is. I try to be friendly, fair, a good listener, advise when asked and to keep my door open to anyone that may need help."

MIKE BOWERSOCK, Algebra I, Geometry, Consumer Math. Enjoys: hunting, fishing, traveling, watching TV. "I became a teacher because I like the long summer vacation and enjoy working with young people."

STANLEY SANDERSON, Ind. Arts I, II, and III, Senior Adv. Enjoys: all sports (wants to coach basketball), gun collecting, taking out wealthy women. "I was influenced by my parents. They are both teachers and I have been around it all my life. By being a shop teacher, I can see kids make things and achieve a sense of accomplishment."

CARL WILKERSON, Photography, Mech. Drawing I, II, Graphic Arts. Enjoys: fishing, hunting, photography, tiffany glass, backpacking. "I see a return to the basics in education. More emphasis will be placed on the fundamentals of mathematics, English vocabulary, grammar and reading. A strong shift to the metric system will have to take place within the next ten years."

CAROL GROTHOUSE, Home Economics I, II, Bach. Living, FHA Adv. Enjoys: reading, gardening, sewing.

DAVE HOFFMAN, Distributive Education I, II, DECA Adv., Freshmen Basketball Coach.

DAVID WHITTINGTON, Biology I, II, Faculty Manager, Honor Society Adv., Science Careers Adv. Enjoys: following O.S.U. and the Reds, collecting, studying, and writing about early man's history. RONALD AHTEN, Civics, Am. History, Junior Adv. Enjoys: reading, woodworking, sports of all kinds. "I do not feel that education will change drastically in the next few years. Rather than education changing, we will see a continued emphasis on students acquiring basic skills which they need to survive in a complex society."

JAMES H. LANGHALS, Am. History, English III, Current Events. Enjoys: his family, sports or anything competitive. "Society will further recognize the need for a better educational system; therefore, education and educators will receive more and will be expected to produce *much* more."

CHARLES PLIKERD, Vocational Agriculture, FFA Adv. Enjoys: farming.

LEE LEHMAN, I.O.E. II, Typing I. Enjoys: woodworking. "I think we will see a strong push for more and better instruction in basic subjects and more accountability in all areas."

TERI L. McBEE, French I, II, Am. History, Sociology, Soph. Soc. Studies, French Club Adv. Enjoys: traveling, cooking, reading. "As an educator I hope to heighten students' awareness of who they are and where they are going; and, more importantly, to accept themselves for this."

ROBERT MOSIER, Guidance Counselor, Athletic Director. Enjoys: sports. "I view my role as an educator as someone who is willing to help students identify their abilities, assist students in their educational development, aid students in decision making, encourage communication between students and "others", and provide educational, career, and social information for students."

'CATS VICTORIOUS IN SECTIONAL

The 1978-79 Varsity Girls' Basketball season proved to be both an exciting and rewarding experience for players and fans alike. The season started off with a thrilling two point lastsecond victory over Lincolnview and ended in the longest tournament trail adventure ever for the "Lady Wildcats." The Wildcats ended regular season play with a 10-6 record, a third place in NWC with a 7-3 record, tournament finished action with a 3-1 record bringing the overall record to 13-7. The girls also captured a Sectional Championship and a District Runners-Up title.

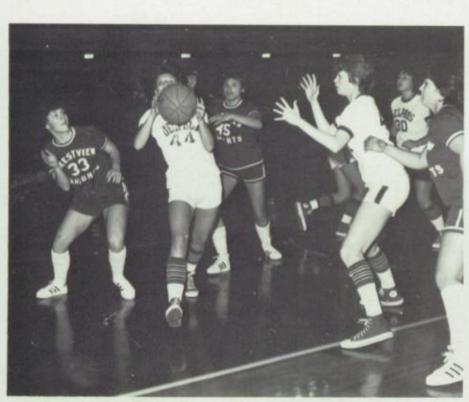

Tournament play proved to be the most suspenseful action of the year, as the first game saw the Wildcats go into a double overtime game against the Wayne Trace Raiders, with the Wildcats coming out on top by a two point margin.

In the second game of tournament, the Wildcats found themselves vying for their first Sectional Championship as they met and defeated the Apaches of Sherwood Fairview by a 61 to 53 score. Thrilled with the excitement and mounting pride in their school success, the girls looked forward to their first ever District game as they challenged the Leipsic Vikings who at that time had a 17-3 record. Wildcats, being the definite underdogs, accomplished what was termed as a major "upset" in local basketball action, as they defeated the Vikings with a score of 46-42. Trailing the entire game (up to as many as 10 points in the third quarter), the Wildcats kept their composure and took command in the final minute and a half to gain yet another fantastic victory.

RUNNERS UP IN DISTRICT

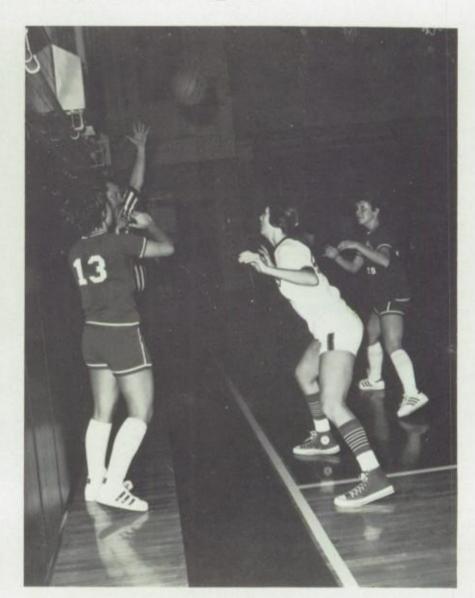

The fourth game found the Wildcats facing Kalida who had defeated the 'Cats by 3 points in a controversial regular season game. Spirit and enthusiasm were high, and for the first time nervousness played a disasterous role. The Wildcats found themselves unable to muster

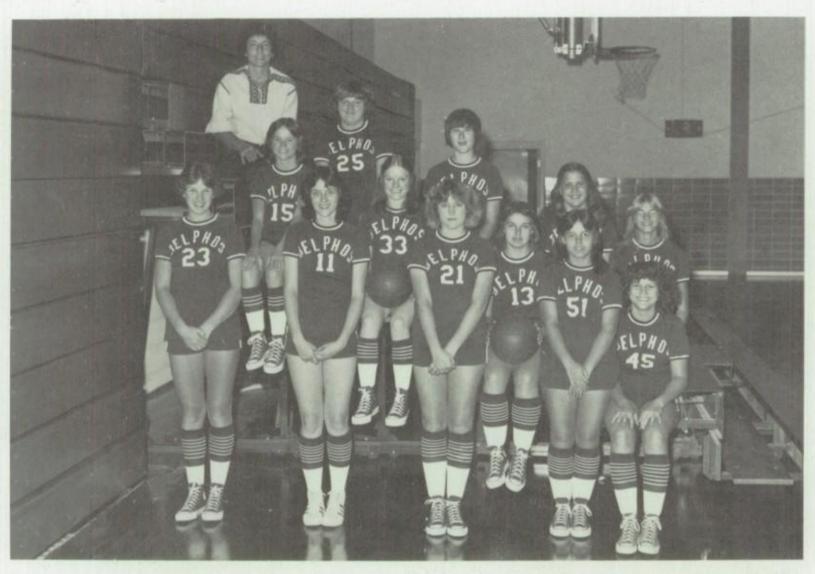

any offense or consistent team play and fell to defeat by a 45-38 score ending their most successful tournament play in the six years that girls' basketball has been in existence at Jefferson. (Related pictures of tournament action are on page 188)

For the first time since 1967 the Delphos Jefferson Wildcat Football Team put together a winning season. Under the direction of first-year head coach, Kevin Fell, the Wildcat grid team dedicated themselves to be successful. That dedication paid off as the Wildcats finished with a 6-3-1 record, the third best football record in the school's history.

The season opened with a conservative win over a young Hilltop team and a second game loss to NWC Champion, Paulding. The Wildcats then rolled to five wins and a tie in the next six games. During this stretch, Jefferson dropped such perennial conference powers as Ada, Bluffton and Columbus Grove. The last two games were disappointing as strong Perry and Allen East squads tripped Delphos.

The highlight game of the 1978 season came on a Saturday night, October 7, when the Wildcats met the Bluffton Pirates at Stadium Park. Jefferson had not beaten Bluffton in years, but on this night the motivated Wildcats dominated 12-6 before an enthusiastic crowd.

To wrap-up the 1978 football season one has to recognize the sacrifice and determination illustrated by this Wildcat team. Coming off a 1-8 season this year's Seniors made up their minds that the only way to win was through incredibly hard work and a total team effort. This work and effort drove the Wildcats to a third place finish in the NWC and allowed many of the players to gain individual honors from the various coaches in the league. Randy Carder was voted first team quarterback and first team defensive safety on the All-North-

west Conference Team. Also, Jim Martin was named first team
offensive guard and second team defensive middle guard. Kevin
Rahrig was placed on the second team at linebacker and Kevin Thitoff made second team defensive end. In addition, Joe Carpenter
was selected second team defensive tackle. Jefferson players
receiving honorable mention were Seniors Duane Violet, Glenn
Dickman, Eric Fritz, Donn Shade and Junior running back Luke
Cross. Kevin Thitoff was voted the greatest honor given to a football player at Jefferson, the Cristy Award, for his leadership and allround excellent play.

The 1978 football squad will be remembered for being "successful." This team has shown everyone that Jefferson can win in football.

FROSH TEAM GOES UNDEFEATED

This year's freshman football team, under the direction of Mark Fuerst and Owen Pugh, went undefeated. Their record of 5-0-1 was the best in the history of the school. In Jefferson's five victories, the defense was unscored upon, while the offense ran up impressive points. The tied score came in a game against Spencerville. Coach Fuerst said, "This team was made up of many fine athletes. Hopefully, all of these boys will be out for the varsity team in future years."

The Spanish Club participated in many activities this year. Some of their money-making projects included working in the concession stands at basketball games, collecting newspapers, and selling baked goods on Main Street. Some of this money was used for a Spanish and French Club pizza party. The club also co-sponsored the Scholarship Awards Banquet held in May. The year was topped off with approximately 40 members enjoying their annual trip to Cedar Point.

Chilles and the control of the contr

During the summer of '78, some of the French Club members went to Quebec. They traveled by chartered bus and spent a total of 40 hours traveling. They roomed at a boarding house and occupied three floors. Their days were filled with exploring the city. Students sampled French Cuisine at L'Astral, a revolving restaurant atop the Concorde Hotel. In the evening everyone gathered around to play cards, talk, or try to take pictures of Ben and Benitta, the resident rats. The trip home was topped off with a visit to Niagara Falls. A total of 19 students and 8 adults made the trip.

The Jefferson Choir had various functions during 1979. Besides performing for the Ayersville student body and singing Christmas carols on the Post Office steps, the choir prided itself on its contribution to those in need. The choir collected over \$140 from its weekly penny pitches and donated this money in the form of Christmas gifts to Delphos families.

The primary objective of the choir was to compete at the District and State Choral Competition. On March 17, Jefferson loaded its buses and headed for the District Choir Competition held at

The primary objective of the choir was to compete at the District and State Choral Competition. On March 17, Jefferson loaded its buses and headed for the District Choir Competition held at Shawnee High School. When the day was over, Jefferson had captured three I's on the district rating board. The Choir, Girls' Glee, and Boys' Glee then traveled to Upper Sandusky on May 5 for the State Choral Competition. After the Girls' Glee had received their traditional good luck lollipops from Mr. Shisler, they went on to seize one of the two superior ratings given to Girls' Glee clubs competing in the Northwest Region. Both the Mixed Choir and Boys' Glee received a II, or excellent rating. The Boys' Glee was most noted for its 7 a.m. practices before contest. Jefferson was one of only two schools that had a choir, girls' glee, boys' glee, and a band competing.

Following contest, the choir devoted its time practicing songs for the production, "Music Man."

Student directors for Jefferson this year were Mr. Dave Follett from Bluffton College and Mr. Jay Hawkins from Bowling Green State University. They assisted in the Christmas Concert, Spring Concert, and musical.

TUPENT GOVERNMENT

The Wildcat Student Government coordinates activities for the students to enjoy during the year. Such projects as Homecoming, assemblies, movies, and dances are planned and presented for the enjoyment of all. Student Government also partakes in a fund-raising activity for a local charity each year. This year they raised money for the March of Dimes. The "Big Event" that the Student Government sponsored for this year was a Donkey Basketball Game between a faculty team and a group of Senior athletes. It was all for fun and everyone enjoyed it. A new wrinkle was added to Student Government's responsibilities this year. Advisor, Mr. Robert Kiracofe, along with some enthusiastic students, from each of the four classes has put together a spirit program for Delphos Jefferson High School. Although the results may not be fully visualized for a year or two, a new tradition has been initiated. Through enthusiastic participation and constructive competition each of the four classes will develop a pride that will help them realize that D.J.H.S. is the best high school in the "world." Through this spirit program, they hope to make school more fun and exciting, but at the same time, not shirk any of the basic responsibilities included in school life.

The Music Man

Jefferson presented the Broadway musical, "The Music Man" by Meredith Wilson, on May 17, 18 and 19.

The play concerned a smooth-talking, quick-thinking salesman who sold the citizens of River City, lowa a boys' band. Harold Hill, the salesman, talked the people into buying band instruments, uniforms and instruction books with the guarantee that he would form the boys into a band with himself as the leader. Hill also had to deal with the music teacher, Marian Paroo, Mayor Shinn and his wife, Eulalie Mackenie Shinn.

After convincing the people that they needed a band, he tried to get in good with the music teacher but to no avail, until he actually delivered the band instruments. Marian's brother Winthrop, a problem child, underwent a complete change when he got his cornet.

Meanwhile, the mayor had ordered the school board, who Hill had formed into a barbershop quartet, to get Hill's credentials. Hill slyly got around the school board by starting them into a song. Marian now realized that she was in love with Harold and did her best to protect him from the mayor.

However, Charlie Cowell, an anvil salesman, was out to get Hill. Cowell had been tarred and feathered after going to a town that Hill had just finished with. Cowell planned to squeal on Hill just to get even with him. He told the people of River City and they formed search parties to look for Hill. Marian warned Harold that he must go, but he couldn't because he suddenly realized that he was in love with her and he couldn't leave her. Harold was caught by the police and brought to face the people. The mayor gave a lengthy speech saying that he warned them, but they wouldn't listen to him. During his speech, however, the boys appeared in their band uniforms. Harold was put on the spot, but he directed them. They played the "Minuet in G" like it had never been played before.

THE INVOLVED — FFA & FHA

THE FUTURE FARMERS OF AMERICA had a very busy year. Between July 23-30 of '78, members of FFA traveled over 4,000 miles on a trip out West. The group toured different plants including the International Plant for their Axial-Flow Combine and John Deere. In August the boys showed their livestock projects and other projects that they made in Vo-Ag at the Van Wert and Allen County Fairs.

In September Vo-Ag students started a Group Hog Project on the John Elwer farm. This project was for the people in Vo-Ag classes with limited opportunity in the farming field. Participating in this project were Kevin Thitoff, Marvin Thitoff, Jeff Thitoff, Glenn Fisher, Tony Fisher, and Mike Ricker. The average profit was \$200 per person. On November 21, the Parliamentary Procedure Competition was held at Spencerville. The Senior Team placed 2nd gold in the contest. The Juniors also received gold, and the Sophomores and Freshmen each placed silver. The Senior Team was treated at the Black Angus for their efforts. The Public Speaking Contest was held this year at Vantage Joint Vocational School. Don Stone represented Delphos in the Creed Contest and received a 3rd place gold rating. Ron Kloeppel rated silver on his speech "Buying Tractors and Farm Machinery." Some of the other activities the members did during the year included selling over 850 bushels of seed corn, a tractor pull in September, a slave auction, and collecting money for the Heart Fund.

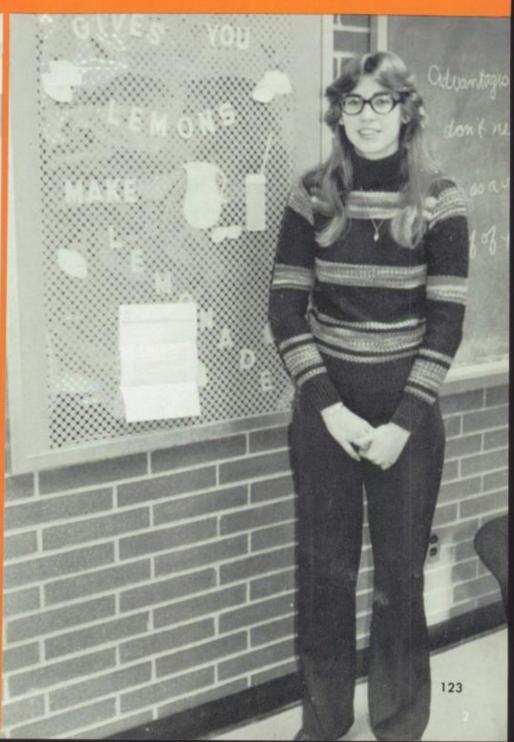

THE FUTURE HOMEMAKERS OF AMERICA spent a busy year working for their individual degrees. Mary Hugel, a senior FHA member, received a State Homemaker Degree at the Future Homemakers of America Convention in Columbus. To raise money for the Children's Hospital, the girls sold cards, stationery, and calendars. Through their efforts they raised approximately \$185. During FHA week the

students planned a Teacher Appreciation Day. The girls baked cookies for this event which took place on Valentine's Day. The FHA Club ended the year with a trip to the Back 40 on May 15. Eight girls went along with Mrs. Carol Grothouse and Mrs. Jan Wright, the club advisors.

SCIENCE FAIR

Twenty-two students were able to attend the District Science Fair after the annual Science Day held in the high school cafeteria on March 10. Over 120 science students displayed their projects done for classroom credit as an independent study. Students Excel in Science Program

Jefferson students were highly successful in science competition at local, district, and state levels this year, proving the knowledge they acquired through classes. The Marine Biology Class culminated their studies in a trip to Andros Island on June 17. While there the students studied coral reefs, reef life including animals and plants, ocean properties, snorkeling techniques, blue holes and customs of the population of Bahamian people. Advisor, Dave Whittington, was accompanied by eight Jefferson students: Rhonda Ulm, Marsha German, Celine Garny, Kathie Lloyd, Linda Pothast, Vicki Youngpeter, Stephanie Poling and Sara Baumgardner. Participants raised money for their expenses by selling 206 pizzas made by the Spicer Pizza Company. Students received ½ unit of academic credit for this class work.

LET'S MUTATE

1. The Biology II class demonstrates where the various organs of the body belong. 2. Mr. Gossman assists Kathie Lloyd and Stephanie Poling with their chemistry experiment. 3. The Physics class studies the way waves travel in a substance. 4. Randy McElroy and Cheryl Powell discover the structure of a clam through dissection.

ETERNITY

In the lab beneath the ground, Worked a man most furiously. He had been working night and day, Just to live eternally.

After he had worked for years, And turned so old and gray, He lifted up his tired bones, And said, this is the day.

As he mixed two things together, Hoping to end his troubles, Looking deep into the mixture, And watching all the bubbles.

Then he took a withered plant, Just hanging onto life, Set it on the counter top, And hoped that it was right.

Slowly pouring on the mixture, Around the withered form. Praying this would be the one, For a new life to be born.

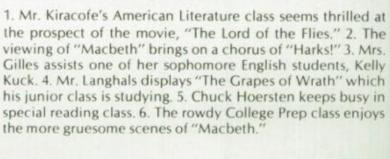

He watched the plant so very close, He thought it did change shape. He lifted up that very mixture, And all of it he drank.

Then he took another look, Saw his terrible fate. The plant was all shriveled up, Crumbling with its weight.

ENGLISH MANIA

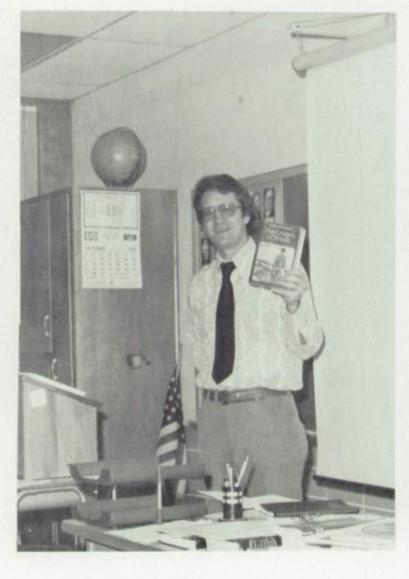

SHE GETS THE AX

It started as a pleasure trip, A cruise along the sea. But never-the-less we did not know, Death, the outlook would be.

We anxiously boarded onto the ship, Our eyes glistening with wonder. For us this was a whole new world, Other thoughts we set asunder.

Our first encounter was during a meal. It happened to the four of us. But now our four was four no more, And a morgue would be a must.

Our second death came at the pool, Who knew of the piranha? Alas she's gone, she lives no more, Hearts bleed for dear sweet Lana.

Only two are left, just Kim and I, Who'll be the first to go? The sound of gunshots fill the air, Now Kim has nothing to show.

A man creeps into my room quite slowly, With an ax he takes a chop. I fear not death though soon it comes, For now my heart has stopped.

1978 DELPHI RATES 1

Jefferson High School's 1978 Delphi yearbook was given a first-place award in the annual yearbook critique contest-conducted by the yearbook association at Columbia University in New York City. Yearbooks from across the nation are rated in the areas of theme and structure, layout design, coverage, cover, advertising, and community. The Delphi scored 856 points out of a possible 1,000.

The 1979 DELPHI staff consisted of eight members; four seniors and four juniors. The junior members were chosen at the end of their sophomore year and serve two years on the staff.

For the first time, the senior individual pictures were printed in natural color with a light blue background. The pages have increased from 240 in the 1978 year-book to 248 pages in the 1979 DELPHI.

Many hours of extra time in selling ads paid off for a larger, more colorful book. The additional amount of effort permitted the staff to purchase 32 pages of full color in such areas as choir, homecoming, band, seniors, track, volleyball, football, class play, honor society and the opening section.

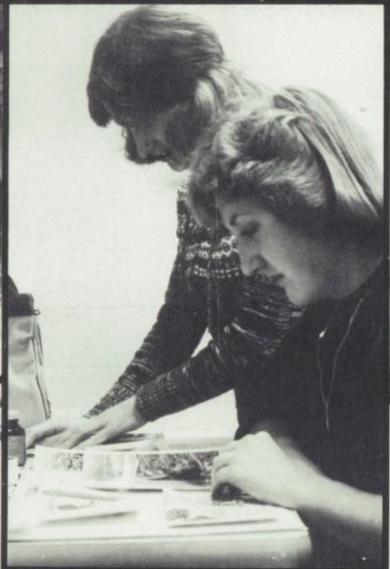

Highlights of the year included: a dinner for the staff at a luxurious restaurant, a two-day workshop at the Chalet Inn in Wapakoneta, and the final deadline.

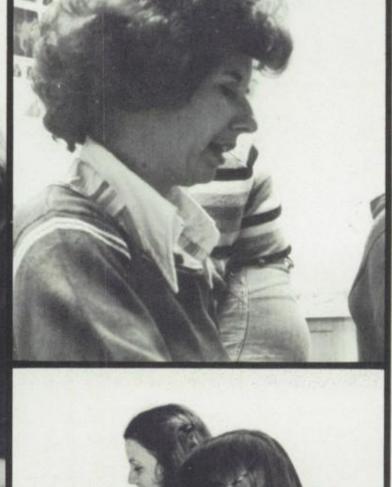

1. Photographers: Russ Belt, Carolyn Pothast, and Donn Shade take pictures for the ad section, school activities, and special events. 2. Cheryl Rode and Doris Illig work on a layout for Student Government. 3. Mrs. Odenweller, Advisor, helps all the members with new layouts and works very hard keeping things running smoothly. 4. Beth Morgan and Dina Wreede choose the pictures and copy they want to make their page look attractive. 5. Getting new ideas from other yearbooks is senior, Dina Wreede.

Opposite page: DELPHI STAFF MEMBERS: Row 1: Laurie Brown, Gwen Morgan, Denise Rode, Linda Pothast. Row 2: Doris Illig, Cheryl Rode, Beth Morgan, Editor, and Dina Wreede. 2. Gwen and Denise discuss copy and picture layouts for their Driver's Ed page. 3. As you can see, workshop includes lots of laughs. 4. Juniors, Linda and Laurie work together on basketball pages. 5. RELAX!

funny, how time fades our memories, ones that we thought would last forever. i find myself losing the details of the face i used to know. i cry to think of our once closeness, and now there is only distance. what we shared back then, will always be felt in my heart; even though the details of my mind will be lost.

your friends say
they'll keep in touch,
but you know they won't.
your teachers say
come back and see them.
and you know you won't.
maybe someday
it won't matter.
but right now,
it hurts a little.

All too often the pace of life is so fast that we lose touch with the world around us. Hold on to today, grasp the meaning of life, and live each day to its fullest.

I would especially like to thank Kevin Dukes and Dave Hilyard of Kevin David Studio. They have done everything from flying over Delphos to take aerial pictures to scaling buildings on Saturday night for cruising pictures. They are the best of photographers and the best of friends.

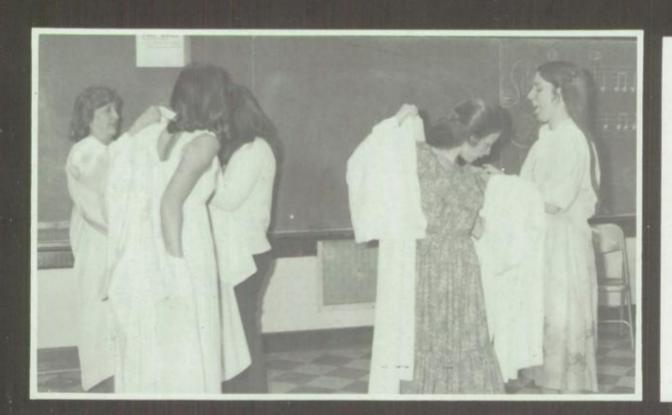

I would also like to acknowledge the invaluable assistance given by: Mr. Carl Wilkerson, Mr. Bruce Anderson, Mr. Robert Kiracofe, Mr. Mark Fuerst, Miss Margie Stutz, Mr. Gerald Hickey, and the contributing businesses.

In addition, I want to thank our yearbook representatives, Steve White, Tom Kiess, and Steve Scruta for all their help and advice.

The Delphi Staff and I really appreciate Mrs. Ruth Odenweller, our yearbook advisor, for helping to make our yearbook possible. Thanks for everything!

Most of all, I'd like to thank my dear friends on the staff: Dina, Doris, Cheryl, Russ, Donn, Carolyn, Denise, Gwen, Linda, and Laurie.

Beth Morgan

A yearbook is priceless because it captures all of those memories we want to hold close.

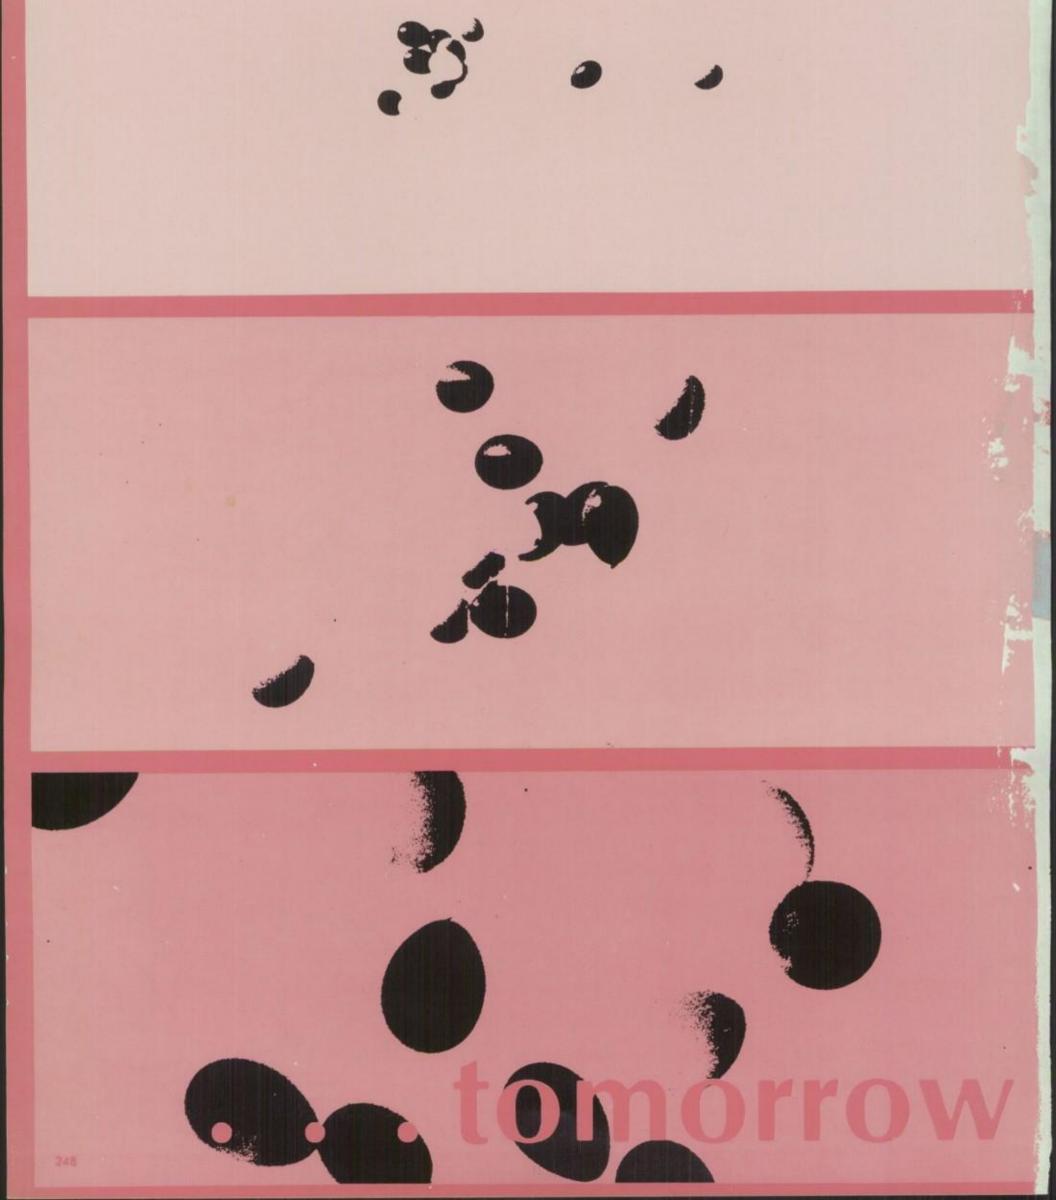

in the midst of the passing day with all its faces rushing by unnoticed let there be an explosion of your feelings and take time to celebrate today . . .

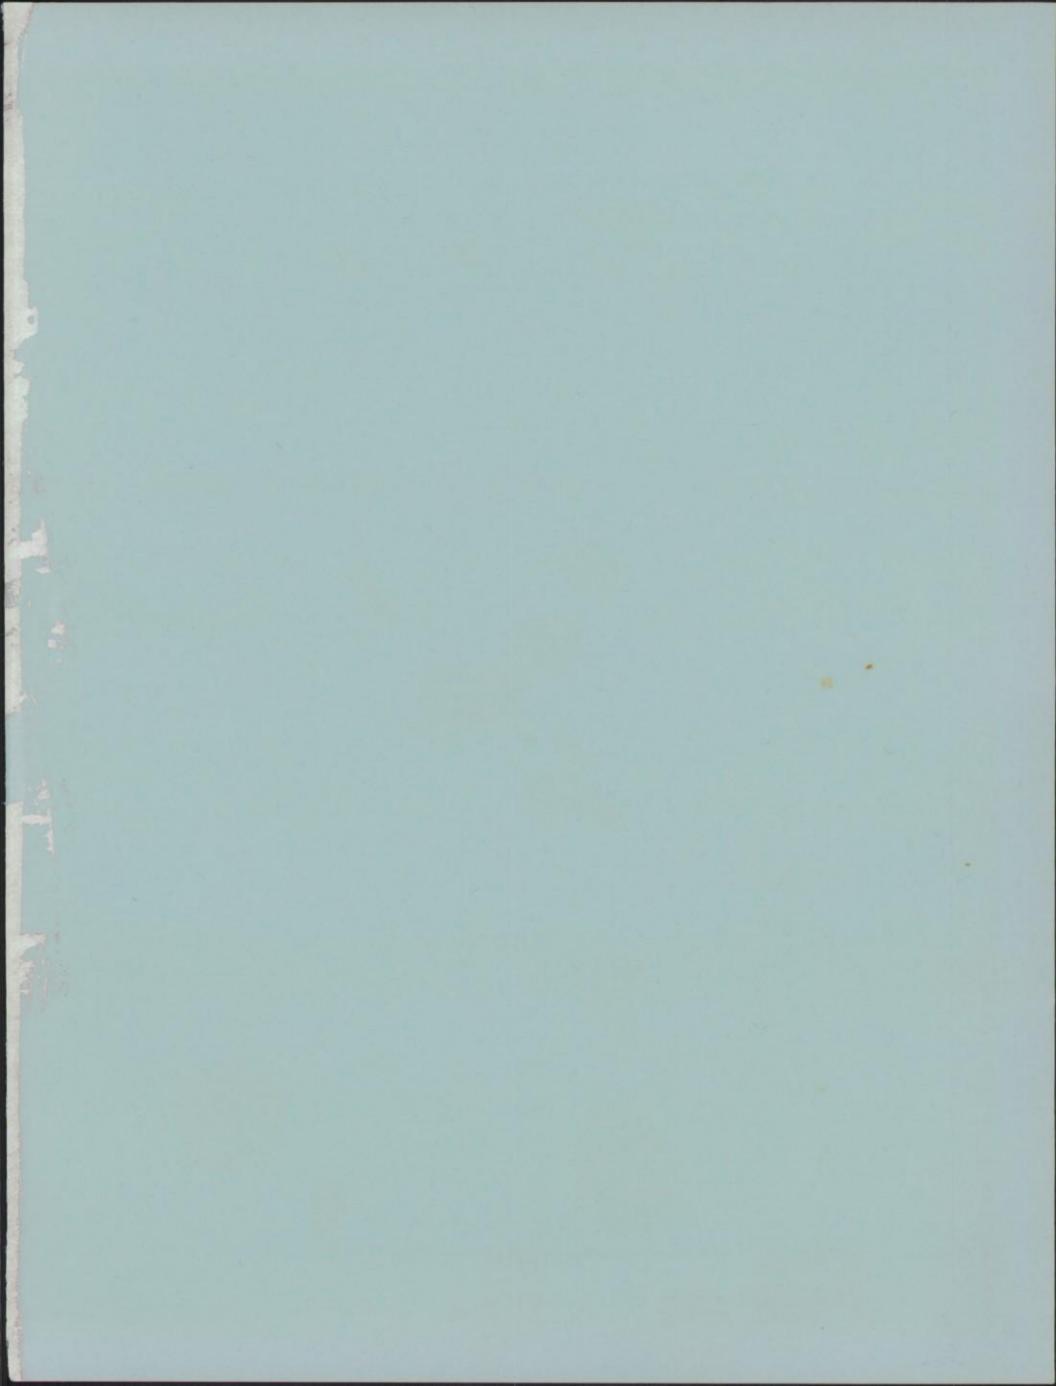

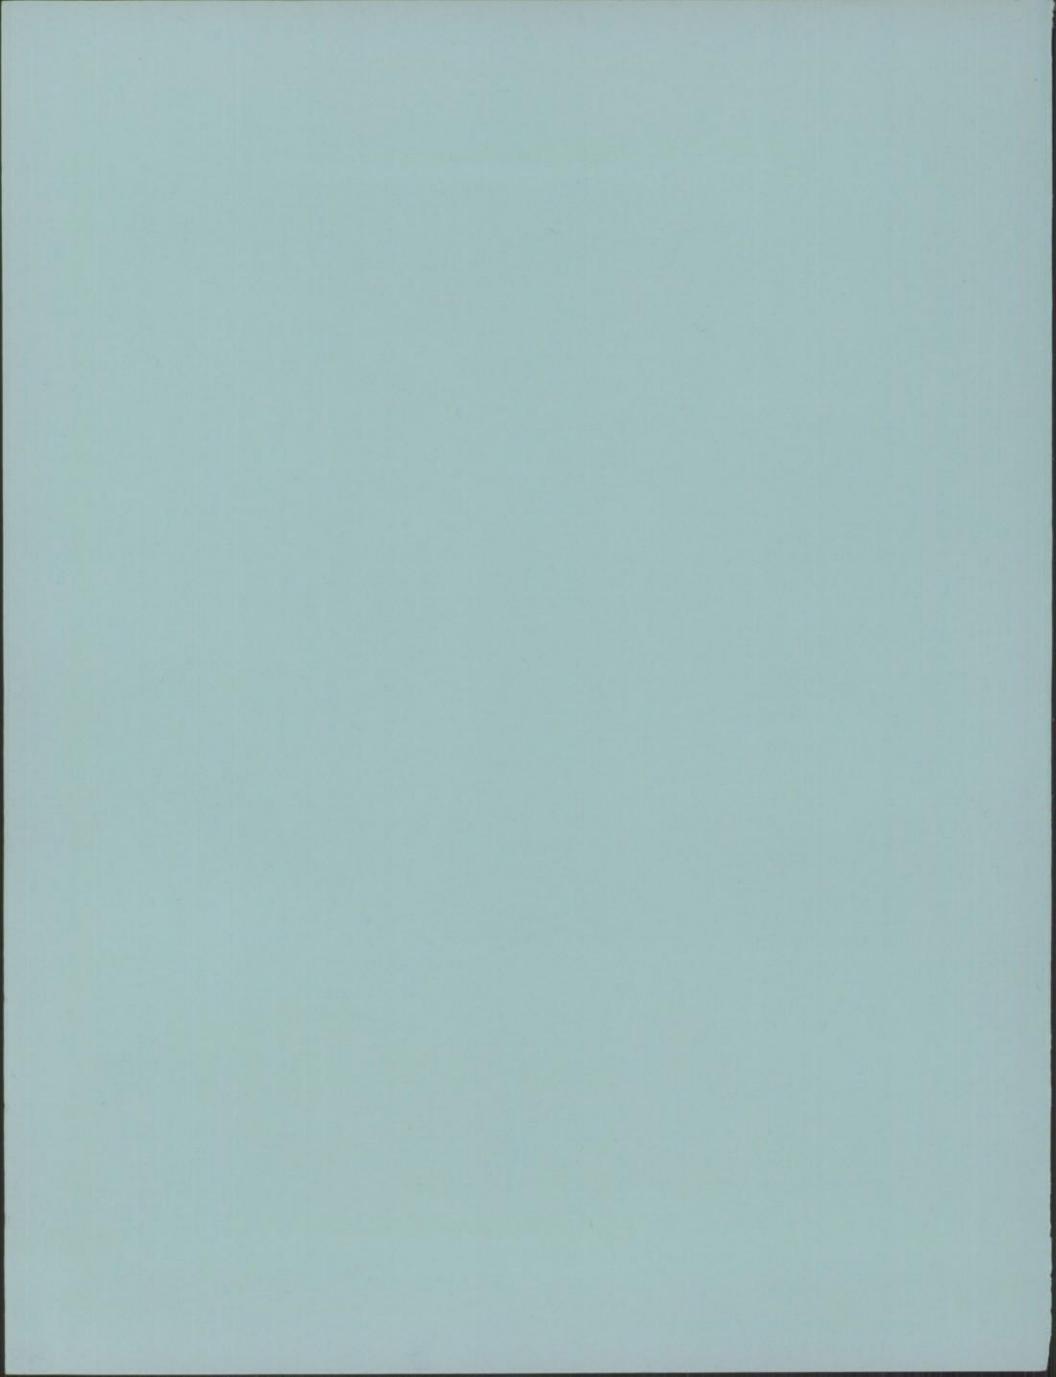

grasp it now for today soon becomes.

Seventy, Chine
